JONAH DESIGNS PHONE SERVICES AND PRODUCTS Spring 2016
Products and Services
PHONE SERVICE , INTER-NET, WEB-PNONES for mobile, home and business.

Residential Calling Plans

World Unlimited \$23.95/month*

People across the world are finding that internet phone service is the new, easier way to communicate. Unlike traditional landline phone service, internet phone service lets users make cheap phone calls using their broadband Internet connection and an Internet phone.

Ultimate US & Canada

\$19.95/month

Unlimited local and long distance calling to the US and Canada with worldwide incoming number.....[more](http://www.jonahdsigns.rabonvoip.com/voip/residential.aspx) at: <http://www.jonahdsigns.rabonvoip.com/voip/residential.aspx>

More about our story

Hosted VoIP is a 'safe investment' and offers flexibility for businesses in a slow, uncertain economic recovery. Consequently, hosted IP PBX services are expected to finish the year with a 15.3% increase in revenue.

Karry K10 10USB Phone from Voip Matrix

Business Calling Plans

Ring By Name

\$35.00/month per user

RingByName is a revolutionary business tool that combines a hosted phone system, customer relationship management, and advanced desktop and smartphone interfaces to help businesses win and retain more customers. It's way more than a business phone service.

Business Unlimited

\$4995/month

Offers a Business Phone Line with unlimited calls to the US and Canada. The plan includes a DID phone number from any US/Canada location we offer. Can be combined with our InPhonex Prepaid Call Credit to allow International Calls billed at the per minute rate of the International destination.....[more](http://www.jonahdsigns.rabonvoip.com/voip/business.aspx) at : <http://www.jonahdsigns.rabonvoip.com/voip/business.aspx>

Telephone Adapter

What We Do

Competition Drives VoIP Revenue Growth; UC Infrastructure Market Will Reach \$4.8 Billion by 2015, Says ABI Research

VoIP stands for Voice over Internet Protocol. That means using the Internet and Internet connections to make phone calls.

Our story

."According to new data from ABI Research, enterprises are ramping up their investments in VoIP technologies, both on customer premises equipment and hosted VoIP.
